# CÍMONE JBS

A UK R&B artist blending soulful expression, strong melodies and emotionally driven songwriting.

*"The moment I handed Címone the mic at my show, her eyes lit up with raw emotion and control. The connection she made with the audience was immediate and powerful. This is only the start for Címone, but she's already a polished gem ready to shine brighter. I'm excited to witness what's sure to become something beautiful."*

— Kerri Chandler
